Subject Temporary Structures for Panam Rio

Dear Alaor,

I spoke with François Picolet from GL Events. (out of New-york)
He would like me to organize a conference call with you and me while I am in Rio on the 6 and 7 of Arpil .
Also I think it would be good to meet your contact people to analyze their needs for temporary structures.

Cou'' 'ou please call , once you come back from Europe (I guess on April 1, 2005)

..ank you,

CK
